
OLD IBICENCO FARMS

5 BEDROOMS | 10 GUESTS | 5 BATHROOM

The name of this historic estate comes from the name of its first owner: Pep Vergé. Original old ibicenco farms had no address and so the people named the fincas after the first resident.

Can Pep Vergé means: "At Pep Vergé's home". Vergé comes from the word vergel, which means "Place with great abundance and variety of plants, flowers and trees, especially an orchard or garden". Thus the people referred to Can Pep Vergé as "the abundant orchard of Pep".

Nobody knows exactly when Can Pep Vergé was built but it must have been at least over 400 years ago.

The main house has 4 bedrooms and 3 bathrooms, indoor and outdoor kitchen, living room, music room, wine cellar, (walk-in) cupboards, storage, covered and open air terraces and (jacuzzi) swimming pool. The guest house has a living room, kitchen, 1 bedroom and 1 bathroom. The small garden house has 1 living room / bedroom and outside kitchen and toilet.
